

September 11, 2023

State Boiler Technical Advisory Board Meeting – September 29, 2023

Agenda

- I 9:00 a.m. meeting called to order (This is a virtual Teams meeting-link posted on website)
- II Introduction of all in attendance (virtually)
- III **Approval of Minutes** – September 22, 2022
- IV **Old Business**
 - Modification to State Boiler Technical Advisory Board By-Laws.
 - Discussion to add blowoff requirements for power boilers.
 - Discussion to default back to adopted codes when a conflict arises between NBIC and adopted code.
Example: combustion air requirements in NBIC & NFPA 54. The adopted code would govern unless modified in regulations.
- V **New Business**
 - Discussion to adopt the 2023 American Society of Mechanical Engineers Boiler & Pressure Vessel Code.
 - Discussion to adopt the 2023 Edition of the National Board Inspection Code
 - Any additional new business.
- VI **Adjourn**
